Charming Townhouse in the Heart of Tortosa – With Mountain Views and Full of Character

In the historic center of Tortosa, this cozy and character-filled townhouse with a special charm awaits you. With approximately 130 m² of total living space spread over five floors, the property offers generous room, flexible usage options, and wonderful views of the surrounding mountains as well as the town castle – a rare combination of central location and open outlook.

The house dates back to 1900 and is in good condition, having been carefully renovated. The charm of the traditional construction blends perfectly with modern living comfort. It is ideal for families, individualists, or as a holiday home with distinctive character.

The property features three bedrooms and two bathrooms, providing ample space for family, guests, or a home office. The rooms are distributed across several levels, creating an interesting and dynamic living layout. Bright rooms, comfortable living areas, and multiple window fronts ensure a pleasant atmosphere throughout.

A particular highlight is the view over the rooftops of the city – not only toward the majestic Els Ports mountains, but also toward the historic town castle. Perfect for relaxing at the end of the day. The central location allows easy walking access to key amenities, shops, cafés, and cultural attractions.

This property is ideal for buyers looking for an authentic historic townhouse – whether as a permanent residence, holiday retreat, or investment property.
